

**MORE TROOPS OUT
TO MEET MINERS.****THE FIFTH OHIO REGIMENT
REACHED MASSILON TODAY.**

Without Waiting they Moved Directly to Millpost Where Trouble is Threatened—Chicago's Pick Militia Organization, the First, Has Returned From Pana.

MASSILON, Ohio, June 12.—The Fifth Regiment arrived at daylight this morning, and after a rest, proceeded to Millpost, where the symptoms of disorder are strongest.

PANA, Ill., June 12.—The First regiment left for Chicago in two special Illinois Central trains at 9 o'clock last night. At 4 o'clock Sheriff Johnson telegraphed Gov. Altgeld that he could take care of the city without the assistance of the troops. At 5 o'clock orders came to break camp and for the regiment to return home.

The men who have been working the mines lately do not like the idea of working under guard, and few men showed up at the mines and little work was done. The Penwell was the only shaft that made any pretense of continuing work. The demonstration expected by Sheriff Johnson at Third and Locust streets in the morning was not made, but the deputies and troops were prepared.

IRON ON THE TRACK.**Attempt Made to Wreck the First Regiment's Train.**

DECATUR, Ill., June 11.—Obstructions were placed on the track a short distance north of Pana with the evident intention of wrecking the First regiment's special train at 9:50 last night. The regimental train left Pana at 9:46 in the evening. At 10:10 Sergt. Purcell of the quartermaster's department came into the officers' car, reported to Col. Turner, and said: "When the train stopped a few minutes after leaving Pana the fireman ran back to the gatling-gun car, held up a long iron bar, and said the engine had just passed over it. It was bound into a switch frog. A pile of ties were thrown from the track a moment before by the engine and there are attempts being made to wreck the train. He said he saw men running across the prairie, and had the train been going fast the engine would have been derailed and the train wrecked."

A few seconds later Majors Sanborn, Eddy and Tolman were receiving orders from Col. Turner. Each soon had fifty men under arms, rifles in their hands and faces to the windows, and orders to shoot through the windows at any one throwing stones or making any attempt to injure the train or men. The cars were darkened so the troops would have an advantage. The two-section proposition was abandoned and one train of sixteen cars now carries the regiment. The division superintendent has a representative on board to see that nothing goes wrong. At several places where aggravating stops were made, men, presumably strikers, attempted to board the "blind" end of the baggage car. That place was then guarded as was the space between all cars.

As the train left Pana a number of railroad employes made a remark about the regiment in the hearing of Col. Turner. He asked them sharply if they wanted the regiment back again. The answer was: "You will be needed soon. There will be — to pay here before many weeks."

WILL BATTLE WITH GUARDS.**Miners in Pennsylvania Propose to Attack Non-Union Men and Deputies.**

HORATIO, Pa., June 12.—More deliberate preparations for war were never entered into by mine operators than those in progress here by the coal and iron police guarding the mines of the Berwind-White Coal company and the mines of the district. A mass-meeting of miners is to be held here to-day and it is believed that 5,000 to 10,000 coal diggers will be present. The operators will not meet them. At Walston and Adrian the miners are preparing to attack the camp of the guards at Horatio. They say they have 700 rifles and twenty-five cannons. Investigation of this assertion as regards their arms proved it to be true. The cannon are made of six-inch pipe, such as is used in the gas and oil fields, and experiments show they can do much damage at short range. The settlement at Columbus, Ohio, will have no effect on the situation. The Berwind-White people are determined not to recognize the union and say they will positively refuse to deal with representatives of any organization.

HARRISBURG, Pa., June 12.—Gov. Pattison issued a proclamation to the sheriff of Jefferson county last night, setting out the riotous occurrences there and warning the citizens of the county against any further demonstration, directing them to disperse, and warning them that their persistency in violence would compel the intervention of the state with military force to quell it.

REDS ON A RAMPAGE.**Are Preparing to Attack La Salle and Kewanee.**

LA SALLE, Ill., June 12.—Three hundred miners have gathered in the timber two miles east of here. It is believed they will pounce on the cement works and burn or blow up the car-

loads of coal that have been shipped in there from Pana. Six carloads of coal were received here yesterday from Pana and in all probability will be burned. Mr. Price, the manager of the works, in anticipation of an attack, has armed his men with rifles. They are guarding the coal.

SPRING VALLEY, Ill., June 12.—The miners of this district are out of patience with the Kewanee miners and are massing in the streets, preparing to march to that place. The men say they will get Kewanee out and all the militia of the state can not stop them if they get their Toluca army together. Committees were sent to Oglesby, LaSalle, Peru, Seatonville, Dadd, and Laceyville to get the men to join. By this afternoon at least 4,000 men will move from this city.

The men are infuriated over the action of the Kewanee miners. They say they are in better condition to suspend work than the Spring Valley miners, for they have worked night and day since the suspension with the exception of a week. It is rumored that the sheriff of Henry county is at Kewanee with 250 armed deputies in anticipation of the march of the miners.

The anarchists held a secret meeting early in the evening. It is not known what was done, but it is pretty certain the situation at Kewanee was discussed. At any rate they are the prime movers in the enterprise, and they will likely be joined by all the miners in the district. Not only is Kewanee to be brought out, but Galva also will be marched upon.

OHIO MINERS BLOW UP BRIDGES.**Gov. McKinley Forced to Send More Troops Against Strikers.**

COLUMBUS, Ohio, June 12.—The sheriffs of Tuscarawas and Stark counties yesterday made a formal demand on Gov. McKinley for troops. The Fourteenth regiment was sent to Uhrichsville, in Tuscarawas county, and eight companies of the Fifth regiment were ordered to Massillon, in Stark county.

Early in the day a short trestle bridge on the Wheeling & Lake Erie railroad at East Greenville mine, five miles northwest of Massillon, was blown up with giant powder and the ruins then burned. The road was blocked for many hours.

WHEELING CREEK, Ohio, June 12.—Efforts were made early this morning to burn bridges on the Cleveland, Loraine & Wheeling railroad at Midvale and Canal Dover. At the latter place the flames were extinguished by the watchman and the miners tried to drive him away by shooting at him. The sheriff was notified and put deputies on guard. The Second, Fourth, Tenth and Sixteenth regiments are here. Coal trains are running as usual.

MIDVALE, Ohio, June 12.—Shortly before noon yesterday a crowd of 300 to 400 striking miners seized a north-bound coal train on the Cleveland, Loraine & Wheeling road at this place. The crew abandoned the train on a siding. The New Philadelphia police say desperate characters are being enlisted to destroy bridges to-night near Canal Dover.

CANTON, Ohio, June 12.—An attempt was made last night to blow up the Cleveland, Canton & Southern railroad bridge over the Tuscarawas river at Navarre. The bridge was not seriously damaged.

CINCINNATI, Ohio, June 12.—Specials from different points say coal trains are guarded to Cambridge. Three attempts to wreck coal trains were made between Cambridge and Zanesville, so that the troops will be asked to extend their lines beyond the mining districts.

MASSILON, Ohio, June 12.—D. S. Gardner, commander of the Ohio division, Sons of Veterans, says Gov. McKinley may call on 1,000 members of that organization if he needs assistance.

TO STOP LABOR EVERYWHERE.**Union Leaders Propose to "Tie Up the Country" to Help the Miners.**

ST. LOUIS, Mo., June 12.—A conference of national officers of labor organizations, called by the general executive board of the Knights of Labor with a view to bringing about unity of work among all labor organizations, and to report back to the next meeting of all such national bodies, is in session here. General Master Workman Sovereign is chairman and P. J. McGuire is secretary. The discussions indicated that the delegates were in favor of adopting some plan whereby the various organizations would become more closely allied to one another. A committee submitted a proposition that all union men cease work until the miners' strike is settled or congress confiscates the mines. The committee advises all workingmen to vote the third party ticket.

Indiana Strikers Get Bail.

BRAZIL, Ind., June 12.—The fourteen strikers arrested for complicity in the killing of Engineer Barr are out on bail. Two hundred dollars has been raised by the suspects' friends to aid them in their defense. The case is called for hearing in the Circuit court to-day.

INDIANAPOLIS, Ind., June 12.—Gov. Matthews ordered four militia companies home from Sullivan county. There will be eight companies on guard there until the conditions change.

Waukegan Miners Out.

GALESBURG, Ill., June 12.—Sixty miners employed at the Taylor Bros. mine, Waukegan, struck yesterday for higher wages.

**WOOL SCHEDULE UP
ONCE MORE TODAY.****FREE TRADE DISCIPLES
HAVE AN INNING.**

Senator Quay Makes a Sensation By His Prompt Refusal of the Stories Connecting Him With Washington Street Railway Interests—Sugar Investigation Still Goes on.

WASHINGTON, June 12.—In the senate to-day the consideration of the wool schedule was resumed. Senator Quay caused a diversion in the senate yesterday by sending to the clerk's desk what he characterized as "a lying statement for which Senator Chandler is given as authority." It proved to be a Washington dispatch to a New York paper alleging that "a Philadelphia syndicate, of which Mr. Quay was the active agent," was seeking to get control of the surface roads of Washington through congressional legislation. The dispatch stated that the scheme was as malodorous as the sugar trust scandal.

Senator Quay said the statements in the article were absolutely false. He said that in making this explanation he had departed from his usual custom of treating with silent contempt the 100,000 newspaper lies made about him, for two reasons: First, because the article was evidently written with the purpose of affecting legislation to-day; and, second, because Mr. Chandler had been given as authority for the statements contained therein.

Senator Chandler said that he had heard of this syndicate, and perhaps discussed the matter with newspaper men, but he knew little about it. Certainly he had made no remarks attributing motives or relations to any person. The matter was then dropped.

Senator Morrill addressed the senate in support of his amendment to the naval appropriation bill authorizing the appointment of the superintendent of the United States naval observatory from civil life at a salary of \$5,000, and providing for the reorganization of the observatory.

The tariff bill was then taken up, "schedule H"—spirits, wines and other beverages—being under consideration under the five minute rule. Senator Allison's amendment to increase the rate on brandy and other spirits distilled from grain from \$1.80 per gallon in the bill to \$2.50, the present rate, was first taken up. Senators Sherman and Allison supported the amendment and Senator Jones opposed it.

The tariff bill was then taken up. Three schedules, spirits and wines, cotton and flax, jute and hemp manufacturers, from paragraphs 237 to 277 inclusive, comprising nineteen pages of the bill, were disposed of. The entire cotton schedule, ten pages of the bill, was finished in thirty minutes. Bags made of burlap for grain and cotton bagging were placed on the free list.

Senator Sherman gave notice of an amendment providing for a duty of 40 per cent ad valorem on wool, including wool on the skin, oils, waste, flocks and rags composed of wool and also including the hair of the camel, goat or alpaca and other like animals.

Defective Armor Plates Located.

WASHINGTON, June 12.—The armor plate investigating committee intends to make a new move toward locating weak spots on warships. It is expected the navy department will be asked to take off certain plates of the gunboat Machias and subject them to tests. Lieut. Ackerman was again before the committee yesterday. He told of many serious defects he had discovered in the ships of war which he had investigated. Lieut. Ackerman said the investigations disclosed no serious defects in bolts. He believed the superintendent of the works responsible for many of the irregularities. The committee regarded the evidence as the most valuable yet given.

Caffery Makes an Explanation.

WASHINGTON, June 12.—Senator Caffery went before the sugar trust investigating committee yesterday to amplify the statement heretofore made by him concerning his meeting with Mr. Havemeyer at Senator Brice's house. His evidence showed that it was at the express invitation of Senator Brice that Mr. Havemeyer was present.

Henry R. Reed went before the committee and was examined at some length. Mr. Reed added that he knew nothing of any speculation in sugar stocks by the United States senators. The question of holding the investigation with open doors again came up during the meeting, but when put to a vote the committee decided to proceed in executive session.

New Map of the United States.

WASHINGTON, June 12.—The work of an entire year is represented in a new map of this country, Canada, Mexico and a part of the West Indies, being issued by the general land office. The map is deemed the most complete yet issued, and over 14,000 copies will be distributed. It shows the extent of public surveys, Indian, military and forest reservations, railroads, canals and all private land claims.

Against Educating Indians.

WASHINGTON, June 12.—Delegate Mark Smith of Arizona will make an effort to have the appropriation for the Carlisle Indian school struck from the Indian bill.

**FRANCE TAKES HOLD
OF TANGIERS' ROW.****FOUR WAR SHIPS LEAVE FOR
AFRICA.**

Death of Muley Hassan Causes All the European Powers to Pick Up their Ears—Johnny Crawford Doesn't Purpose to Be Left Out.

TOULON, France, June 12.—Four war ships started for Tangier at 7 o'clock this morning.

TANGIER, June 12.—News received here from the interior confirms the report that of the death of Sultan Muley Hassan. The representatives of the foreign governments are in consultation upon the subject. It is rumored that the sultan's son, Muley Abdul Aziz, has been proclaimed sultan of Morocco. No disturbances have occurred and no disorder is apprehended. The sultan was traveling between the capital and Rabat.

It is thought here that the French, Spanish and English governments will sift thoroughly the circumstances of the death of Muley Hassan, and if the suspicion of murder is confirmed there may be a forcible joint intervention on the subject of the succession.

It is not unlikely that international complications will ensue before the succession is settled. After Turkey, Morocco is the greatest prize in the world. It is larger than Spain or France, or the whole of the German Empire. In the time of the Caesars it was the granary of Rome and it retains its fertility to this day. The country is equally rich in minerals. It is worth fighting for. The recent Rifian war pointed this out clearly; and it has been an open secret in English diplomatic circles that after Muley Hassan would come a "deluge."

Should there be combined action between England, Spain and France to drive out the Moor the result would be a holy war. The Moor would not surrender at the first summons. His cry would be taken up along the whole coast of northern Africa, and the greatest of all tragedies, a war of races and religions, would assuredly follow.

On the other hand, the jealousies of Christian powers have kept one sultan on the throne of Turkey, and they may keep another on the throne of Morocco.

JENKINS CASE IS UP.**Appeal from His Famous Strike Injunction Argued.**

CHICAGO, June 12.—The argument on the appeal from the famous strike injunction of Judge Jenkins in behalf of the receivers of the Northern Pacific Railroad company was begun yesterday before the United States Circuit court of appeals. Justice Harlan of the Supreme court of the United States presided. Sitting with him were Judge Woods of Indianapolis and Judge Bunn of Wisconsin.

Charles Quarles and T. W. Spencer of Milwaukee, and Judge T. W. Harper of Terre Haute, represented the labor organizations, and ex-Senator Spooner of Milwaukee, and Col. J. J. McNaught of New York, appeared for the receivers of the Northern Pacific. The intervenors in the court below and the appellants of record are Grand Chief P. M. Arthur, of the Order of Locomotive Engineers; Grand Chief E. E. Clark, of the Order of Railroad Conductors; Grand Chief F. P. Sargent, of the Order of Locomotive Firemen; Grand Chief D. G. Ramsey, of the Order of Railway Telegraphers; Grand Master S. E. Wilkinson, of the Brotherhood of Railway Trainmen, and Grand Master John Wilson of the Switchmen's Mutual Aid association. The defendants are Thomas F. Oakes, Henry C. Payne and Henry C. Rouse, receivers of the Northern Pacific Railroad company, and the railroad company itself. Receiver Oakes was in court, but none of the labor chiefs was present.

HIS ACCOUNTS SHORT.**S. Ross Martin Reported to Have Left Valparaiso Suddenly.**

VALPARAISO, Ind., June 12.—S. Ross Martin, one of the most popular men in the county, left suddenly last Saturday, and it is now rumored that he is short in his accounts with the Valparaiso Building and Loan association, of which he has been secretary for several years. He was secretary of the county democratic central committee, chairman of the city democratic central committee and assistant superintendent and teacher in the Presbyterian Sunday school. Committees are at work upon the building and loan, city clerk and post-office books. The amount of the alleged shortage is not known at present.

Geher Held for Dickson's Death.

PEORIA, Ill., June 12.—The jury in the case of William Dickson, one of the men killed at the Little mine, concluded its work yesterday and recommended that J. L. Geher, as leader of the mob, and James Magnus, Dan Caddell and John Heathcoat and several unknown persons be held without bail for complicity in the killing.

Cripple Creek Mines to Be Opened.

CRIPPLE CREEK, Colo., June 12.—The deputies broke camp and started for Colorado Springs at 9 o'clock yesterday in accordance with the agreement with Gen. Brooks and Sheriff Bower.

AGREE UPON A MINE SCALE.**The Columbus Conference at Last Comes to an Understanding.**

COLUMBUS, Ohio, June 12.—Peace is declared in the mining districts whose representatives, miners and operators, have been in session here for two days trying to patch up a plan for the settlement of the great strike. The scale adopted was 69 cents for the Pittsburgh district, 60 cents for the Hocking Valley district, and proportionate rates in the other districts affected. The rate agreed on is less than the scale demanded by the men and in that sense it is a victory for the operators, achieved in spite of the bitter protests sent in by wire all day against any form of a compromise: it is a victory for the men in that it advances the scale 10 cents in the Hocking Valley district.

That the settlement reached will be unsatisfactory to the men goes without saying. It will require considerable work to get them to abide by the decision of the conference, but of course they are bound by the action of their representatives. The surrender of the miners' officials may be said to be directly due to the overt acts of lawlessness and violence that the men have indulged in within the last ten days.

The strikers were beyond the control of the officials and were running amuck. They knew that the affected districts would soon witness a flow of blood unless some change was brought about. They also knew that they could not cope with the authority and military of the state that would everywhere be thrown against them. The miners themselves would not remain law-abiding. President McBridge saw and said that they would be crushed by public opinion and the law if the acts of the last week were repeated.

There was but one man who refused to sign the scale. A. A. Adams, president of the Ohio Miners' Union, who was a member of the scale committee, refused to sign the agreement. The settlement, however, is final. The scale agreed upon is as follows:

"Pittsburg, thin vein, 69 cents; thick vein, 56 cents. Hocking Valley, 60 cents. Indiana bituminous, 60 cents; Indiana block, 70 cents. Streater, Ill., 62½ cents for summer, and 70 for winter. Bloomington, Ill., 77½ cents for summer and 85 for winter. La Salle and Spring Valley, Ill., 72½ cents for summer and 80 for winter. Other sections in northern Illinois fields at prices relative to the above. The operators and miners shall co-operate in their efforts to secure an observance of said price, and if during the period covered by the agreement recognition of the price herein named can not be secured, either party to this agreement may call a meeting of the joint board of arbitration and determine whether the agreement has been sufficiently complied with to warrant its continuance."

A majority of the operators left for their homes immediately after the adjournment of the conference, and those who could be seen were confident that the agreement would bring about a speedy settlement of the strike. E. T. Bent of La Salle, Ill., was of the opinion that the settlement in northern Illinois would influence the southern part of that state to come into line.

PITTSBURG, Pa., June 12.—A number of coal operators in the Pittsburgh district show a feeling that a general resumption will take place next week. Organizer Harris of the Clearfield district, thinks miners in his district will refuse to abide by it. It is thought that a few companies will make a fight against the 69-cent rate, but that they will eventually be compelled to succumb.

Fail to Reach a Settlement. POMEROY, Ohio, June 12.—The conference of the operators and miners here yesterday left matters in worse shape than before. The miners made a proposition of mining for 2½ cents a bushel, an increase of ¼ cent over last year's rate. The operators flatly refused to consider the proposition and left the conference without making an offer. The conference adjourned without delay. The meeting was most animated and considerable bad feeling was engendered.

Insist on the Old Scale.

TERRE HAUTE, Ind., June 12.—Indiana miners are opposed to any compromise agreement at Columbus and since Saturday have been sending word to their official representatives not to agree to anything less than the 70-cent rate of last year. They say they could barely make a living at 70 cents and will not try to do so at 60 cents.

Breckinridge Fight Getting Warm.

LEXINGTON, Ky., June 12.—The joint debate between W. C. Owens of Scott county and Evan E. Settle of Owen county in the opera house here yesterday was the most sensational speaking of the sensational Ashland district campaign. The most bitter animosities were indulged in and the chances for pistol duels are brighter than ever before. Col. Breckinridge still seems to be the choice of the voters.

Burned Homes of Squatters.

SIoux CITY, Iowa, June 12.—News has reached here that Sheriff McCapes of Dixon county, Nebraska, set fire to the homes of squatters on the island in the Missouri river opposite Vermillion, S. D., after first driving the settlers from their homes. The ownership of the island has been in dispute between the two states.

The Daughter of the Great Commander Said to be Betrothed to H. Kyd Douglass, Adjutant General of the Maryland Troops—Memories of Her First Marriage Revived.

BALTIMORE, June 12.—The engagement of Nellie Grant Sartoris to Adjutant General H. Kyd Douglass is the absorbing topic here. He is in command of the state forces at Frostburg. It was said that General Grant's daughter would never wed again, so great was her disappointment in her first match but this belief is no longer entertained.

BRECKINRIDGE IS OUT.**Dropped in Dishonor from the Membership of the Union League Club.**

CHICAGO, June 12.—Congressman W. C. P. Breckinridge is no longer on the honorary roll of the Union League club. The time allowed for bringing forward a defense expired, and at the meeting of the board of directors his name was formally dropped.

Mr. Breckinridge has been wholly indifferent to the action taken by the club and made no attempt to enter an answer. The action of the Union League club is not expected to have much effect on the voters of Kentucky.

BASEBALL REPORT.**Games Played in the National League Yesterday.**

Cleveland and Philadelphia passed Pittsburg yesterday and are now tied for third position. No other changes occurred in the National league column. Games were as follows:

PASSENGER FIREMAN KILLED.**Burlington, Cedar Rapids & Northern Train Jumps the Track.**

CEDAR RAPIDS, Iowa, June 12.—A passenger train on the Burlington, Cedar Rapids & Northern jumped the track yesterday near Decorah. Fireman T. J. Cronin was instantly killed. He leaped from the cab and was caught under the car following the tender. None of the passengers were injured.

The Pacific Railroad Case.

WASHINGTON, June 12.—Before the house committee on Pacific railroads yesterday Representative Geary argued strongly that the act creating the Central Pacific road contemplated that the government should take possession if there was default in payments. Proceedings against individual stockholders' estates he considered useless and doubtful of success. He attacked Senator Stanford's motives for building the university and declared the people of California would uphold the government in proceeding against it.

No Quorum in the House.

WASHINGTON, June 12.—There was an air of languid listlessness in the house yesterday, and it was evident the members were not in a working humor. The day was claimed by Mr. Heard, chairman of the committee on the District of Columbia, but while several bills were considered no action was reached on any of them on account of a lack of a quorum.

To Save the Coffins.

INDIANAPOLIS, Ind., June 12.—Judge Baker has signed the bill of exceptions in the Coffin bank case, and ex-President Harrison and ex-Attorney-General Miller will go to Chicago in a day or two to apply to Justice Harlan of the Supreme court for a writ of supersedeas. The attorneys for the prisoners feel confident they will succeed in getting the case reversed.

Visible Supply of Grain.

NEW YORK, June 11.—The visible supply of grain Saturday June 9, as compiled by the New York Produce Exchange, is as follows: Wheat, 58,231,000 bushels; decrease 1,184,000 bushels. Corn, 7,514,000 bushels; increase, 18,000 bushels. Oats, 21,764,000 bushels; increase, 153,000 bushels. Rye, 206,000 bushels; decrease, 46,000 bushels. Barley, 87,000 bushels; decrease, 13,000 bushels.

Kelly at Paducah.

PADUCAH, Ky., June 12.—Kelly's commonwealers have nearly all come over to this side of the river and will go into camp. They expect to go up the Tennessee river to Johnsonville by boat, thence overland to Washington.

Threaten to Burn the Town.

VALHARABO, Ind., June 12.—Sheriff Stoddard at 10 o'clock last night was telephoned to come to Chesterton at once, as a Coxey army had struck the town and were all drunk. They threatened to burn the town unless they were fed and lodged. The sheriff left at once with a posse.

GAVE GOOD ADVICE TO THE GRADUATES.

REV. W. D. COLE'S ADDRESS AN ELOQUENT ONE.

Where the Diplomas Came From is Not the Important Thing—Class Day Exercises Come This Evening and There Will Be Much Fun at the Opera House.

There will be surprises of a jolly sort at the class day exercises in the opera house. The serious side of school life is to be shown Thursday afternoon, the humorous side tonight. Those who take part this evening will be in fancy dress and this will be the programme:

The grand concert by the Arion Lady Quartette, of Chicago, assisted by the entertainer, Miss Lucia B. Griffin will be given at the opera house on the evening of June 14. Admission 50 and 75 cents. The graduates will occupy the boxes.

The annual reunion, banquet and reception of the Alumni association of Janesville High school will be held at Columbia hall on the evening of June 15th.

Baccalaureate Address Last Night.

Rev. W. D. Cole, of Whitewater, delivered the address to the graduates last evening in the opera house. Superintendent D. D. Mayne presided and there was music before and after the lecture by the Cecilia quartette. After a prayer by Rev. W. F. R. Quas Mr. Cole was introduced. His remarks were full of encouragement for the young people about to graduate. Some of his climaxes were exceptionally strong and he showed himself to be a forcible and pleasing speaker. At the conclusion of his remarks to the audience he addressed a few words personally to the members of the class who occupied front seats and stood during the delivery of this portion of the address. The thought which he enforced upon the class was that the world at large cared but little from what school they graduated or where they got their diploma or whether they had one at all or not. The main question was did they have the knowledge with them.

The Cecilia Lady Quartette thoroughly charmed the audience. Their singing was a genuine surprise to all present. The young ladies presented a very attractive appearance on the stage and their voices were harmonious and very sweet. Although the quartette exhibited no great power of tone, there was much reserve force that showed that their voices had received thorough cultivation. If Janesville music lovers had known what was in store for them last night there would have been a packed house.

For the Freeport Races. The Northwestern line will sell excursion tickets at reduced rates; tickets on sale June 11 to 15 inclusive, good for return passage until June 16. For tickets and full information apply to agents Chicago & Northwestern Railway.

SUNDAY SCHOOLS ESTABLISHED.

Missionary Lease Very Successful in His Work in Rock.

County Sunday School Missionary John H. Lease and wife reorganized the Sunday school in the Otter Creek church in Milton township, Sunday, June 10. A good set of officers and teachers were secured, Mrs. Winch being chosen superintendent. Grandmother Killam, who is yet willing to work for the Master, and is loved by all, was unanimously chosen assistant superintendent. This school has had a hard struggle. All are now looking forward to the day when the vacated building that has stood so long will be used weekly by a good live church organization. From Otter Creek Mr. and Mrs. Lease drove to the Vicksman district in Lima township and organized a new school. After three attempts to organize, each time meeting with failure to get the parents to take a part, they tried again, and secured the help of Miss Belle Walker, Miss McEwen and Miss Kiddie, who will do all in their power to help the work along until other help is secured. After a careful canvass of Lima township, Mr. Lease reports seven good live Sunday schools in the field. Three have been organized within the year past. The Akin school, with an attendance of forty or more; the Bullock with twenty-five, the Vicksman with sixteen scholars.

The price of the tract is said to have been in the neighborhood of \$450,000.

BIG UNION PICNIC IN LIMA.

Three Churches Will Join Issues on the Fourth of July.

LIMA, June 12.—The M. E. church and the U. B. church of Lima, have united with the North Presbyterian church to hold a union picnic, two and one-half miles north of the village of Lima, in Thomas Godfrey's grove, on the Fourth of July. All are invited. Mrs. George Warren of Janesville, visited her mother, Mrs. Bacon, last week. Mrs. Hiram Jones is visiting her daughter, Mrs. E. C. Abbott, at Johnston. Frank Fuller drove out to Fort Atkinson last Saturday after his aunt Josie Barker who has been teaching there the past year. E. C. Abbott and daughter Kittie, of Johnston, attended service at the M. E. church last Sunday. Henry Boon and family of Emerald Grove, Sundayed at George Fuller's. Will Johnson, wife and son Ross, of Milton Junction, stayed with his sisters last Saturday night, returning home Sunday. Miss Lulu Mills, of Milton Junction, spent Saturday and Sunday with her sister, Mrs. James Richmond. Miss Josie Barker and Mrs. Rilla Jacobs and son, of Baraboo, who have been visiting their sister and friends in this community, returned to their home last Monday. They were accompanied by their niece, Edna Fuller. Mrs. S. S. Burnham and daughter Floy, of Elkhorn, who have been visiting friends in this vicinity since last Friday returned home Monday.

WHAT COUNTY FOLKS ARE DOING IN JUNE.

FLOWER SOCIAL IN MILTON A SUCCESS.

Rev. Richard Miller Stays Until December 31, 1894—Much Corn Planted the Second Time on Account of Crusted Fields—Funeral of William Wyman—Barney Radican Dead.

MILTON, June 12.—The "Flower social" at the church Thursday evening was a pleasant innovation in the church social line. The pulpit was a bower of ferns and flowering plants and the ice cream tables were covered with beautiful flowers, with a button hole bouquet at each plate. The program included the following numbers: Overture, organ—Hattie Crandall; prayer—President W. C. Whitford; recitation—Ethel Brown; reading—Miss E. A. Steer; vocal solo—Mrs. L. Kumblein; recitation—Grace Rood; recitation—"The Donkey Boy" in costume—Howard Ingham; recitation—Ella Croley; address on flowers—Professor A. R. Crandall; vocal solo—James A. Coon; address on Arc'ie flowers—Professor L. Kumblein; reading—Miss Imogene Dunn; duet for violin and cornet—Professor C. H. Crandall; violin; Miss Crandall, cornet, the young business men of Milton and Milton Junction played a game of ball Thursday afternoon and the home nine won by a score of 17 to 11. After the first inning the visitors put up a good game making ten to Milton's seven. C. E. Perry, formerly in the employ of G. R. Boss & Co. has accepted a "sit" in the Milton Journal office and will sling type Professor H. W. Rood, principal of the schools at Washburn, is here to enjoy his vacation with his family. The ladies of the Harmony W. C. T. U. will hold a "Bazar" at the home of Mrs. Frank Story Wednesday, June 20, beginning at 5 o'clock p. m. and continuing through the evening. A good programme will be presented, and strawberries and ice cream will be served. Admission to the grounds free. The Blue Diamond base ball club of this village, had a game here Friday with a good picked nine and won by a score of 39 to 20. It was the Diamonds first appearance in their new uniforms and they played a fair game at the bat. Professor J. B. Borden has declined the principalship of the Edgerton public schools and is still open for a first class engagement in that line. R. Richardson, with Gage Bros. & Co., Chicago, is at home to spend a three months' vacation. Mr. and Mrs. J. C. West, of Chicago, was the guest of Mrs. H. W. Randolph last week. Conductor Keys, of Saturday's west bound local freight, took out of this station a train of seventy cars. "Children's Day" was observed at the Seventh Day Baptist church Saturday morning. The church was a veritable bower of beautiful flowers, stately ferns and handsome foliage plants. Those who had individual parts were Miss Lottie Maxson, George Post, Kittie Coon, Lily Babcock, Nellie Crandall, Polly Rice and Harlie Burdick. Besides there were numerous concert exercises. Hon. P. M. Green left Monday for Superior and expects to spend two weeks in that locality. Rev. E. M. Dunn and Mrs. S. J. Clarke have gone to Dodge Center, Minn., as delegates to the Northwestern association of Seventh Day Baptists. M. C. Whitford went out on the road Monday for the woven wire fence company. F. E. Squires, who has been a college student here for the past year returned to his home at Orange, California, Monday. Ill health obliged him to leave school. Rev. W. H. Summers will receive the degree of A. B. from Milton college on commencement day. Mrs. W. P. Clarke took the early train Monday for Waupaca, where she will visit the Veterans' Home, being a member of the committee appointed for that purpose by the state department of the W. R. C. President Eaton, of Beloit college, occupied the pulpit at the Congregational church Sunday morning, and after the sermon, announced the decision of the late council, which may be summed up by saying that Rev. Richard Miller will occupy the pulpit as pastor until December 31, 1894. Children's day at the M. E. church was duly observed. The programme consisted of music, recitations and dialogues by the Sunday school, pointing towards the work to be expected of the future church. A short address was given by pastor. The decorations were fine and the children enjoyed the day very much. Harry Spence has gone into the employ of the news department of the St. Paul road and expects to have a run from Milwaukee to Mitchell, S. D. Rev. S. L. Maxson occupied the pulpit at the M. E. church at Delevan Sunday. Mrs. Lottie Edwards of Magnolia, is the guest of Milton relatives. Mr. Maltress, of Edgerton, who is a candidate for sheriff, was in the village Monday looking up his chances in this locality. The claims of the Spragues and Sherman against the town of Milton for damages, for injuries received in the highway last July were settled by the board of Supervisors on Monday. The residences of A. F. Alexander and Mrs. C. M. Leonard have been much improved by repainting. Swaney and Ainsley, of Milton Junction, were brought before Justice Clarke Monday afternoon on charge of violating the excise law, and the cases were adjourned for two weeks. The board of supervisors made the complaint.

FUNERAL OF WILLIAM WYMAN.

Many Followed the Bradford Pioneer's Dust to the Grave.

CLINTON, June 12.—The funeral over the remains of William Wyman, was held at his late residence on Sunday, June 10, at 2 p. m., Rev. J. R. Reynolds, of the M. E. church officiating. The funeral was largely attended by neighbors and citizens of the adjoining towns. About one hundred teams were in the procession which left the house for the cemetery. Mr. Wyman was born in Beverly, Mass., March 16, 1806. In early life he worked at the carpenter's trade in Boston. He was also engaged in the Erie canal. In 1828 he removed from Boston to Rochester, New York. In 1839 he emigrated to Wisconsin and in the month of June settled in Bradford where he has continued to reside ever since and where he owned and occupied his large farm of 500 acres, having on it some of the finest and most commodious farm buildings in Rock county. He also owned the Wyman hotel and opera house in the village of Clinton and several other buildings. In Rochester, N. Y., 1833, he married Martha Boardman, by whom he has one living daughter, Mrs. James Black, of North Loop, Neb. Mrs. Wyman died in 1880. February 17, 1881, he married Miss Carrie Wells who survives him, and by whom he has two daughters Anna and Ida aged twelve and ten respectively. Barney Radican, another old settler, died at his home in Clinton on Saturday evening June 9. The funeral is to be held on Tuesday. He was about eighty years old. Mr. Ramsey is on the sick list. H. C. Thom of Madison was in town over Sunday. Elder Reynolds of the M. E. church is preaching a series of Sunday evening sermons on Catholicism. Robert Wheeler and family were up from Beloit the first of the week. Potatoes and corn fields are considerably damaged by frost and there is much complaint about the crows pulling up corn. Crops and pastures are beginning to feel the need of rain. Mrs. Sharp of Delevan was in Clinton on Monday. George L. Hatch of Elkhorn, the celebrated harpist has recently been helping the Murray band in their musical work. Strawberries are now ripening but owing to the drouth will be a light crop unless rain comes soon.

NEWS FROM NORTH JOHNSTOWN.

Active Church Work—Corn Must Be Planted the Second Time.

NORTH JOHNSTOWN, June 12.—Rev. and Mrs. Jones visited Carrie and Allie Johnson last Friday. Mrs. W. H. Newton spent last week in Janesville with her daughter, Mrs. A. E. Shumway. The ladies' Aid society will meet at the church next Thursday evening, June 15, and serve ice cream and cake. All are invited to come and help the Aid society money as well as presence. Some of our church goes attended children's day exercises at the corners. Some of our young men went after the funny tribe at Koshkonong the past week. One pickerel and a calico bass was what one reports and we think it was the calico that he was after. A number from these parts went to Janesville to attend the circus. O. Cogwell, one of the road commissioners of the township of Johnston is doing some good work on the roads in the east neighborhood. Miss Carrie Johnson has returned from Elkhorn where she has been attending her sister Alice who was sick. The children will take up the time on Sunday the 10th at the church. The house will be decorated and appropriate music furnished. Clark Harris has built a hay barn, a fit example for others. A number of our farmers have been obliged to plant their corn the second time, the crust forming and preventing the corn from coming through. Joseph Ely is visiting friends in Illinois at present. The church cleaners report a jolly time. One of the number won't be likely to throw any more water on the girls. "Tit for tat" with interest, is their motto. On Decoration day, at Milton, Rev. W. Miller married Thomas Goodyer and Miss Millie Walker, both of Johnston. The bride was dressed in brown, and the groom in a full dress suit. Fred Goodyer and Miss Kittie Walker accompanied them to Milton. After the ceremony they returned to Johnston, where the wedding dinner was given by Miss Mary Harris, a sister of the groom.

CRISP COOKSVILLE COMMENT.

Tobacco Sold For Four Cents—Rain Needed—Elder Washburn Ill.

COOKSVILLE, June 12.—Ed. Hanson sold his tobacco to Edgerton buyers for four cents a pound. The Norwegian ladies of this vicinity held their missionary meeting at Ole Clifton's last Thursday. Several ladies were there from Stoughton. There will be a missionary meeting at Mrs. Newman's next Friday afternoon. Rain is needed very much. A. D. Haynes, of Brooklyn, called on friends here Sunday. John Wall and sister, Mrs. A. G. Franklin, start the 11th for New York to visit their mother whom they have not seen for many years. Miss Belle Rice started for Iowa and Nebraska Tuesday to be gone an indefinite length of time. We shall miss her very much. Mrs. Charlie Miller has gone to visit at her parental home in Columbia, Columbus county, to be away two weeks and Charlie looks lonesome. Mr. and Mrs. Preston drove over to Janesville last Thursday and back the same day. Elder Washburn, of Stoughton, is very sick at W. B. Porters. Dr. Chipman is in attendance.

CRAZED BY GRIEF FOR HER HUSBAND

MRS. CATHERINE SMITH, OF BELOIT, TAKEN TO MENDOTA.

Illness and Death of Her Life Partner Made Her Insane for the Second Time—Charles Harris Also Committed to the Asylum—Procession of Lunatics.

To be made crazy for the second time by the death of her husband and be locked up in the Mendota asylum is the sad fate of Mrs. Catherine Smith of Beloit who was taken from Janesville to Madison by Sheriff Bear yesterday. Mrs. Smith has had a mental trouble before and at one time was confined in an asylum in Canada. Afterward she was discharged as cured and since then has been restored. A short time ago her husband was taken sick and his death followed. With this affliction came another; the recurrence of the insanity that had made the poor woman a menace to society before. Finally nothing remained but to commit her to the mad house. Mrs. Smith possessed considerable property including a house and lot in Beloit and a good farm in Illinois.

Mrs. Smith was not the only unfortunate in the sheriff's charge. Charles Harris of this city, had also become unbalanced to the extent that his confinement was the best course. Harris, who is better known under the nickname of "Chub," has been wandering about the streets nights in an aimless sort of a way and many people were afraid of him. A commission was appointed to examine him and the commitment was issued.

With a whole procession of lunatics following him, Sheriff Barbour, of La Fayette county, marched into Janesville yesterday. In his party were five men and three women suffering from different kinds of insanity. Seven of them were placed in the new Rock county asylum as boarders and the other one was taken to the Green county asylum. One of the men kept singing in a monotonous monotone "We Are Going Home No More to Roam" and the sight was a pitiful one.

What I Think.

I have been in your city, but a short time; I have seen and heard much, I am sorry to say; Discreditable, slanderous, and this is a sign That you never will get to the front in this way.

Now, a town where "everybody" is so bad And no one seems to gain success, Is a state of affairs that is really sad, Just because people can't mind their own business.

If I were to believe all I have heard From the tongues of the select Four Hundred I would pack my grip and fly like a bird To a city that was not so encumbered.

Your town is pretty, and it is too bad, That such gossip should dwell among you And above all (this makes me mad) That the ladies are so far from true. The purest and sweetest of them all It seems folks delight to slander, But with all your cunning you can't make them fall.

They are beyond your reach like a bright star. A few old hens better go to their flock, Where duty calls them (just now) For even their nest may get such a shock That will set them to thinking som how.

Born, Not Made

Weak by imprudence, are many stomachs. Puny people have invariably weak digestion. The robust as a rule eat heartily and assimilate their food. A naturally weak stomach, or one that has become, although not so originally, derives needful aid from this thorough stomachic, Hostetter's Stomach Bitters. The restoration of vigor to the delicate is the prompt effect of a resource to this professionally sanctioned and universally esteemed promoter of health. Nervousness—a symptom of chronic indigestion—is overcome by it. So are liver complaint and constipation. Impotent rheumatism and kidney trouble it defeats thoroughly, and it constitutes an efficient defense against malaria. But in order that the full benefit derivable from its use should be available, it should not be used in a haphazard way, but continually. The same suggestion holds good of all standard remedies.

It Was His Wife's.

"I have read with much amusement," says a friend, "the accounts of various queer occurrences in some of our churches, and I want to tell you of an amusing thing I saw happen in one of the largest churches in Utica, N. Y. The minister was preaching a sermon which drew forth the deep sympathy of his hearers and caused the tears to well up in his own eyes. He reached for his handkerchief and shook it out preparatory to wiping away the affecting tears, when a long, white, woman's hose took the form of the supposed handkerchief. Imagine the mirth of the congregation and the horror of the dignified speaker, whose handkerchief got mixed with his wife's stockings."

PIANO VOTES THICK OUT IN THE COUNTY.

OUT-OF-TOWN CONTESTANTS DO LIVELY WORK.

Time Is Growing Short and on June 30 Some Fortunate Young Lady Will Receive From The Gazette as Fine a Piano as Can Be Bought in the City.

As the end of the piano contest draws near interest grows intense. There has been surprise in the last few days over the gain made by candidates outside of the city. Milton, Afton, Clinton and Edgerton each have contestants enrolled and several townships are also represented. Throughout the county vigorous canvassing for votes is being done.

All question as to the quality of The Gazette prize has died out. The first Shaw pianos were placed on the market less than five years ago. Instantly the trade recognized their merits and put in bids for territory until at this time these instruments can be seen almost everywhere. S. C. Burnham & Co. of this city have for years been representing other first-class pianos but have been won by the construction, tone and quality of this new aspirant for honors so today they are bending all their energies in favor of the Matchless Shaw as it is termed. With no remorse of conscience they claim it is the finest piano they have ever represented.

With such a piano as a prize is it any wonder that the contest now going on is attracting universal attention? The candidates and the terms of the offer are as follows:

Ainslie, Tina
Baker, Bessie
Baldwin, L. M.
Clifford, Alice M.
Eldredge, Rose B.
Eman, Mary
Frank, May
Foster, Lahlie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Hugett, Miss Olive
Hayward, Minnie
Kenyon, Cora
Kasner, Alice
Loucks, Franc
Nichols, Ida
Peters, Nellie
Pease, Basile K.
Randall, Carrie M.
Wright, Ada V.

1. Any one, anywhere in any state is entitled to vote as often as they can buy a copy of The Janesville Gazette containing the coupon.

2. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano company can make.

3. The contest will close June 30, at 9 p. m. Piano will be delivered as soon as the counting of votes is completed.

4. Any person who will bring the Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

ONE ON THE BAND.

The Cable Car Gripman Knocks Out the Tooters.

There are more ways than one of embarrassing a brass band. The story of the man who rendered the wind instruments of such an organization useless by sucking a lemon in full sight of the performers has often been related and the resultant watering of their mouths fully explained. But the gripman of a Chicago cable train has discovered an equally effective method of allaying the pain often caused by the notes of a street band. The other day a brass band of six pieces, all weighing several pounds, and operated by an equal number of bespectacled German musicians with inexhaustible lungs, paused in front of a saloon and proceeded to annoy the neighborhood with the discordant strains of a see-saw waltz. The usual crowd of small fry gathered and the band was making the welkin ring when the gripman aforesaid came along on his car. The band and saloon were both on the corner, and there the gripman stopped to let a passenger on.

Usually gripmen do not stop to let passengers on, preferring to see the passenger endanger his neck by catching the car on the fly, but on this occasion the band presented too great a temptation. After he had stopped right behind the band the gripman grabbed the bell-rope of his gong with a firm hand and began to pull it with all his vigor. It was a particularly brassy and resonant gong, and its continuous clanging fairly drowned the music of the band. The big leader was mad clear through. Removing his trombone from his face he rushed out into the street and shook his fist at the gripman, telling him in German just what he thought of him. But the big gripman laughed and kept up his ringing until he forced the musicians down a side street on the run.

PERIL IN TEA.

Excessive Use of the Beverage Often Causes Insanity.

A report upon insanity in Ireland, which has just been issued, enumerates among the causes of mental failure, the innutritious dietary of the poorer population, tending to produce anæmia and constitutional weakness, which favor the development of scrofulous and neurotic diseases, and the immoderate use of certain nervous stimulants, particularly tea and tobacco.

"While the moderate use of properly prepared tea," the report adds, "is regarded as innocuous, or even beneficial in its action on the nervous system, its ill effects when decocted or over-infused on persons who make it their staple article of dietary are dwelt on by almost all the resident medical superintendents in their several reports. Undoubtedly the method of preparation adopted and the excessive use of this article of diet, now so general among the poorer population, tends to the production of dyspepsia, which in its turn leads to states of mental depression highly favorable to the production of various forms of neurotic disturbance."

"The excessive use of tobacco, also, especially among the young, whether by smoking or chewing, in the opinion of certain of our medical superintendents, acts, though perhaps in a minor degree, injuriously on the nervous centers."

In many parts of Ireland it has been found that bread and tea have been substituted for porridge and milk, and for potatoes also; that the tea is generally of an inferior quality, and the method of preparation is to put a quantity in the teapot early in the morning and to allow it to stew during the day, water being added as required.

His Own Walter.

In Sweden the railroad stations where meals are served are known by the simple but suggestive picture of a crossed knife and fork against the name of the station. On entering the dining room the traveler sees that it is furnished with a number of small tables, each with the cloth spread, but destitute of dish or food or any article whatever. In the center of the room is a big table on which are knives, forks, plates and napkins. The traveler helps himself to these articles, and presently the different viands which go to make up the repast are brought in and placed on the big table. The guest helps himself to each of the courses as they come along, no surprise being felt if the hungry wayfarer helps himself to a portion of every viand. He then takes a seat at one of the tables, and leisurely eats his meal. For this well-cooked and bountiful repast the sum of four cents is charged.

Post Office Methods.

In the early part of the century the British postmaster-general received suggestions of several methods for conveying the royal mails besides steam locomotives. Among others was one made by a royal engineer, who advised that the mails should be enclosed in shells and fired from one stage to another. A good bombardier would be able to drop a shell within a few feet of a mortar or cannon, which would be required to pass it on to the next stage.

A Close Observer.

The examiner wished to get the children to express moral reprobation of lazy people, and he led up to it by asking them who were the persons who got all they could and did nothing in return. For some time there was silence, but at last a little girl, who had obviously reasoned out the answer inductively from her home experiences, exclaimed with a good deal of confidence:

"Please, sir, it's the baby!"

### CURES OTHERS

For over a quarter of a century, Doctor Pierce's Golden Medical Discovery has been effecting cures of Bronchial, Throat and Lung affections. Weak Lungs, Bleeding from Lungs, Bronchitis, Asthma, all lingering Coughs, Consumption, or Lung Scrofula and kindred maladies, are cured by it.

### REDUCED TO A SKELETON.

Mrs. MIRA MILLS, of Sardin, Big Stone Co., Minn., writes: "One year ago I was given up by my family physician and friends; all said I must die. My lungs were badly affected, and body reduced to a skeleton. My people commenced to give me your 'Medical Discovery' and I soon began to mend. It was not long before I became well enough to take charge of my household duties again."

MRS. MILLS. owe my recovery to Dr. Pierce's Golden Medical Discovery.

## SHORT BOWER CITY NOTES

THE genuine Koehlin French satens that we sell at 11 cents, being the best 25 cent quality, are just antediluvian enough in style to make twenty-five pieces of them be snapped up by an eager crowd of bargain searchers in about two hours Monday morning. Such a sateen heat has never before been known in Janesville. Women know a good thing when they see it and also know that when we say a thing we mean it. Eleven cents is our price for the genuine Koehlin French satens in a choice assortment of the latest patterns. The Big Store, J. M. Bostwick & Sons.

J. M. Bostwick & Sons received Monday about 20 cases of merchandise, curtains, shirtings, parasols, fans, muslins, cottons, dress fabrics, shirt waists, ducks, embroidered flouncings, sateens, hosiery, belts, mackintoshes, underwear, lac's, gloves, etc. Always something new to see at The Big Store.

D. A. MCKENZIE, who came to The Gazette from Dubuque, where he was very successful in advancing the interests of The Daily Telegraph, has just finished a month's work in this city. His methods for increasing city circulation are thoroughly effective and the results very satisfactory.

DR. "HARRY" SCUDDER's brain has been in the hands of Drs. Hektoen and Evans ever since the murder of Mrs. Dunton committed suicide. The doctors found by microscopical examination that Scudder had been irresponsibly insane for months.

## FRANK COX'S BODY BOBS INTO VIEW.

AFTER TWO DAYS THE RIVER  
GIVES UP ITS DEAD.

Small Boy Sees the Body and Alarms Searchers—Many Bower City People on the Move—McConnell Pleads Not Guilty to Jumping a Hotel Board Bill.

The body of Frank Cox, the unfortunate telegraph student, drowned at Greenland on Sunday afternoon, floated on the surface at 11 o'clock this morning. Many dynamite cartridges had been exploded in the water near by, and the searchers were about to give up the search, when Robert Bryan a young lad rowing in a boat sang out: "What's that floating there?" pointing towards the east shore. He hastened to the spot and found it was the body of the drowned student. Young Bryan pulled the body to shore, near the people's ice house, and the fire patrol ambulance was called. The body was taken to the undertaking establishment of F. D. Kimball. There are quite a number claiming the reward. Bryan is willing to divide with those who exploded the dynamite.

DR. Q. O. SUTHERLAND and wife of this city, Dr. Churchill and wife of Monroe, Dr. Huntington and wife, of Darlington, and Mr. and Mrs. Miles, of Beloit, formed a pleasant party that started for Denver today, via the Chicago & Northwestern route. The M. D's. go to attend the national medical congress, and will be absent two or three weeks.

JAMER LOCKE, who attempted suicide in the Hotel Myers, is still unable to talk coherently. He called for his little girl to-day, but did not know where he was, and after listening to the street car bells asked, "What town is this?" He will be taken to Clinton at 6:25 to-night if it is thought safe to move him.

LINEMAN SMITH of the Northwestern has shipped the Bell telephone that has been in operation between the freight house and the round house, to Milwaukee. Its place is taken by a 'phone made by the Western Telephone Construction company, the operation of which all the employees praise lavishly.

Will receive in a day or two, wait for them—a lot of those "seven button Wonder shoes" for ladies, patent leather tips, creased vamps, turned, same as have been advertised for \$2.48 a pair. We have bought a big lot of them which we will sell at \$2 a pair. The Bee Hive.

THE Hanover boys, charged with throwing stale eggs at the house of Fred Boss, are on trial in the municipal court this afternoon. They are George Haight, Jr., John Haight, William Haight, Herley Haight, Fred Walters, William Butters and Charles Damrow.

BORT, BAILEY & Co. always sell the goods advertised, and give customers all they want of them. When they advertise Kecklin's French satines at 12½ cents a yard they don't show a few old ends but a hundred new pieces—this year's designs and patterns.

WILLIAM BLADON is now proprietor of the Gazette bindery and box factory, the business being run under the name of Bladon & Co. The plant is one of the best in the state and is in position to compete with Chicago and Milwaukee on all classes of work.

MEMBERS of the Barber's Union celebrated their first anniversary with a social dance at Trades' assembly hall in Phoenix block last evening. There was a good attendance despite the hot weather and Tuckwood never played for a jollier crowd.

LASTING qualities are especially desirable in a gift, and as commencement day gifts are always to be treasured, it is well to choose something that will not rust or decay. A. F. Hall & Co. "the reliable jewelers" have what you want.

THE Woman's Foreign Missionary society of the M. E. church will meet in the church parlors, Wednesday, June 13, at 3 o'clock. A full attendance is desired, as a report of the district meeting will be given.

Up-to-date you will find our two dollar men's fine shoes. They advertise themselves. All we have to do is to get you to try one pair then we figure on you as a permanent customer. Brown Bros. & Lincoln.

A WOMAN's dollar will buy a better style, better wearing and better fitting Oxford at Brown Bros. & Lincoln's shoe store than at any other place in Rock county. That is the verdict of customers who have tried them.

BARNES RADICAN, whose horse was stolen by Edwin Burt thirteen years ago, died in Clinton Saturday. He lived long enough to learn of the verdict, but not to hear sentence passed. Burt went to Waupun to-day.

THE Beloit senior concert comes June 19. It will be given this year by the glee and mandolin clubs of the college assisted by Mrs. Geneva Johnston Bishop. Tickets will be 75 cents and a dollar.

HUMPING themselves is what the firm of Brown Bros. & Lincoln were doing, and from the size of the crowd that filled their hundred foot store Saturday, we think they are having wonderful success.

We have as fine a line of high grade Oxford ties as were ever seen in the city; cost actually, wholesale, \$1.75 a pair. Sell regularly for \$2.50 a pair. You may have them for \$1 a pair. Lloyd & Son.

While the question of silk um-

brellas is being discussed, it would be well to see those at F. C. Cook & Co's. They are the finest in the city, selected with great care, and just the thing.

MORRIS M. BOSTWICK, whose lecture on "Ethical Culture," in All Souls' church Sunday was much enjoyed and well delivered. Another discussion on the same theme next Sunday.

THE Ladies' Aid Society of the Baptist church will give a strawberry shortcake supper in the parlors of the church tomorrow evening. Supper served from 5:30 to 7:30 o'clock.

MRS. C. E. KING and Mrs. A. P. Warner of Whitewater, and Mrs. Reynolds of Missouri, found hospitality beneath Mr. and Mrs. W. J. McIntyre's roof last night.

W. W. HEAFFORD, Milwaukee, district passenger agent of the Chicago, Milwaukee & St. Paul railway, left his autograph on the Grand hotel register this morning.

MAYOR THOROUGHGOOD has appointed D. T. Kenyon wood commissioner for the city, and Commissioner Kenyon has already commenced a war of extermination.

IRA RAMSDALL and wife (Miss Lucy Conger,) left this morning for the east, and after visiting friends a short time will return to their home in California.

MISS CLARA ORMSBY, principal of the Washington school, will spend a portion of her summer vacation in New England, visiting relatives and friends.

We are doing the business of the town on umbrellas for the reason that we show styles not common—crook handles, silver tips, up-to-date. Archie Reid.

SUPERINTENDENT W. W. Collins, of the Chicago, Milwaukee & St. Paul railway, passed through the city this morning, en route for Milwaukee.

WALTER JOHNSON, of the clerical force in the C. M. & St. Paul freight office, spent Sunday in Mineral Point, returning home last evening.

THOSE large, sweet, homegrown strawberries may not last more than two weeks, better order now. Telephone 179. Dunn Bros.

McCONNELL pleaded not guilty when brought into court on the charge of jumping a board bill. The case was set for June 14.

MAURICE J. CRALL has gone to Highland Park, Ill., to help W. F. Christman in his grocery store for a couple of weeks.

MR. and Mrs. George Wheelock, of South Bend, have ended a very pleasant visit with Mr. Wheelock's parents, in this city.

The sale of ladies' silk vests worth a dollar at 49 cents is a success at Archie Reid's, "where the bargains come from."

REFRIGERATORS, ice cream freezers, water coolers, lemon squeezers, baby carriages are cheap at Wheelock's, on the bridge.

FOR example as to the way Kimball is selling furniture, turn to another page and see the prices quoted on parlor sets.

SPECIAL bargains in silk capes at the sale now taking place at Archie Reid's, "where the bargains come from."

JUST received a big invoice of light weight coats, especially adapted for these hot days, very cheap at Zeigler's.

We handle one farm's entire crop of homegrown strawberries. The best in the market. Leave orders, Dunn Bros.

We are selling straw hats at fifty cents each, that will cost you 75 cents and \$1 any other place in the city. Zeigler.

WE are headquarters for home grown strawberries. Leave your orders for canning purposes, Dunn Bros.

A HANDSOME line of summer neckwear in bows, four-in-hands, etc., to match those negligee shirts, at Zeigler's.

L. P. DEARBORN has given up the commission business and will no longer receive telegraphic quotations.

FINE lisle thread, 40 gauge hose, regular 35 cent hose, in tans, browns, blacks, at 17½ cents at Zeigler's.

THIS hot weather makes lemons boom. Fifteen and twenty cents a dozen is very cheap. Grubb Bros.

MRS. A. P. LOVEJOY and her two children have gone to New York to spend a season visiting friends.

THAT boneless ham at ten cents a pound will not last long. Very nice; the best. Loeb & Gundel.

We realize that the people must have good value for their money. See our hosiery. T. P. Burns.

WE have a lot of fresh pork tenderloin which we will sell for 12½ cents a pound. Loeb & Gundel.

MR. and Mrs. C. T. Wright are entertaining Thomas H. Wright and family, of Fort Dodge, Iowa.

STRATTON, 9 South Main street, is closing out his stock. All must be sold by July 1st.

HOME grown strawberries, very large and sweet, received twice a day at Dunn Bros.

Go to the Baptist church parlors for a strawberry shortcake supper tomorrow night.

A. A. BLOUNT has been called to Chicago by news that his father is dying.

JOHN DORAN plays ball in M. J. Crall's position during the latter's absence.

WATCH this paper for Stratton's picture sale. It will occur in a day or two.

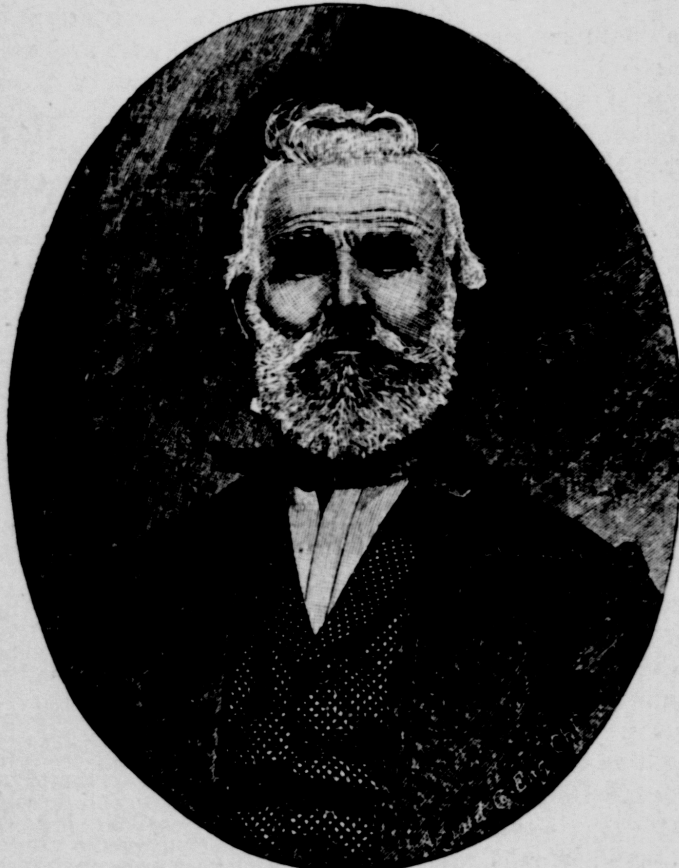

WALLACE H. Briggs went to Freeport this morning to witness the races.

## GILBERT DALSEN DEAD IN ALBANY.

HE WAS JANESVILLE'S FIRST  
CHIEF ENGINEER.

Coming Here in an Early Day He Built the First Dam Here as Well As in Dixon—Saw Commodore Perry's Battle on Lake Erie—An Active Life.

Gilbert Dalsen, Janesville's first chief engineer and a Rock county pioneer, died at the home of his daughter, Mrs. G. W. Bartlett in Albany yesterday. Mr. Dalsen was born in Chatham Canada, in the year 1806. As a small boy, he watched the building of Commodore Perry's Lake Erie squadron and stood on the shore and listened to the noise of that famous naval battle. When matters became settled after the war of 1812, his father moved his family to Detroit Michigan, then only a fort in a wilderness, where the subject of this sketch became one of the founders of that city. At the time of his death he was the oldest living settler of Detroit. Mr. Dalsen came to Janesville in 1845. He built the first dam across Rock river at Monterey and at Dixon, Ill. After finishing the dam at Dixon, he was paid \$2200

GILBERT DALSEN.

silver dollars, which he drew back to Janesville in a lumber wagon.

As said before Mr. Dalsen was the first chief engineer of the Janesville Fire department, he being elected to that position at the organization in March, 1855, when J. H. Budd and Winfield S. Chase were elected assistants.

He was sheriff of Rock county during the years 1857 and 1858. In 1861 he moved to Albany, where he continued to reside up to the time of his death. Mr. Dalsen was a man of powerful build, quick and active up to his last hours. He leaves a daughter in Kansas and Mrs. George Bartlett, of Albany, Wis.

John Luebke.

Borne down by the weight of seventy-four years John Luebke passed away at his home 356 South Jackson street, yesterday afternoon. He leaves a wife and two daughters, Mrs. William Kuhlow and Mrs. Chris. Ludolph, both of this city. Mr. Luebke was a blacksmith by trade and has been a resident of Janesville for upwards of thirteen years. The funeral will take place on Wednesday.

John Broderick.

John Broderick, of 5 Jefferson street, died this morning at 9:30 at a ripe old age. Mr. Broderick was born in Ireland and came to Janesville forty years ago. He had been in the employ of the C. M. & St. Paul Co. ever since. There are left a widow, two sons and two daughters, Ed. F. Broderick, Maggie Broderick and Johanna Broderick of this city and Michael J. Broderick of Chicago. Notice of the funeral will be given later.

Facts About Strawberries.

Strawberries put up now while they are so large and fine will keep much better and look nicer than later in the season. Each time a patch has been gone over smaller and softer berries must be picked to get any. The large berries always ripen first. To-day and tomorrow's pick will give us from 100 to 200 cases of beautiful fruit grown within two miles of this city. The price will be several cents less in case lots than it costs now. Put up your berries now while the fruit is fine and you will have better luck. Grubb Bros.

Always on the Street.

It is almost impossible to look out on the street at any time between 7 o'clock in the morning and 6 o'clock in the evening without seeing one of Kimball's wagons full of furniture, hurrying to some home. The business Kimball is enjoying is almost phenomenal, but the people want his goods because he sells the best for the least money and he tries to satisfy all.

Excursion to Milwaukee.

The state meeting of the Knights Templar will be held in Milwaukee, June 12, 13 and 14. Those who take receipts when buying one way ticket to Milwaukee and get this receipt signed by the convention secretary, can get return for one third fare. This makes the round trip cost \$2.85. Apply at the Chicago, Milwaukee & St. Paul office.

## PAVING CONTRACT NOT MADE John Martin of Oshkosh Has Not Filed a Bond For the Work.

There is no official certainty that John Martin of Oshkosh will pave Main and River street. The authorities are not a little exercised over the matter. Outsiders say that the Oshkosh man simply made "a bluff" by putting in a bid, and that just previous to the council meeting last week he announced to several of his acquaintances that he did not intend to do the paving, that he was here to purchase some heavy horses. However, he put in a bid, and being the lowest bidder was awarded the contract.

It now transpires that he has not filed his bond, although he promised that he would do so forth with and commence the work at once. He even telegraphed the city clerk that he intended to commence the work last Monday. It is understood that the city clerk has been instructed to wire Mr. Martin that in case his bond is not filed by noon tomorrow, the council will be convened and his award considered and the contract awarded to other parties. The next lowest bidder is that of Nowlan & Peters.

## BOY'S ARMS IN SHOKING SHAPE

Charles Zimmers May Be a Cripple For Life Because of His Injuries. Little Charles Zimmers, who had

his arms so terribly cut in a carding machine four weeks ago at the woolen mills, is recovering very slowly. Some portions of the wounds received are healing, but others were opened to-day, and proud flesh cut away. The operation had a telling effect upon the boy's constitution. On his way home this morning from the doctor's office, he fell half unconscious. He carries both arms in a sling, his left arm being useless. "The fingers of the right arm are stiff now," said his mother, "and I fear that his left arm will always be stiff."

## MOTHERS' DAY AT THE GRANT

Flags and Flowers Make the Building Gay In Appearance

The Grant school is gay this afternoon with flags and flowers in honor of "Mother's Day." The large number of visitors present speaks louder than words for the interest the people of the Grant district take in their school. The proceeds of the little entertainment are to be used to purchase a well framed picture of Grant and a lawn mower. The generosity of the Lowell Hardware Co. enabled the school to obtain their mower at an unusually low figure.

## FAST IN CUPID'S BONDS

Muench-Pabst.

Friends tried and true gathered at the home of President Carl Pabst of the Concordia society last evening. A merry group they made in the flower-decked parlors as they waited for the event of the evening, the wedding of Miss Johanna Pabst, eldest daughter of the host and hostess, to Oswald E. Muench, of Chicago.

Music by the Orpheus mandolin club heralded the coming of bride and groom at 8 o'clock. Miss Pabst, who was very effectively costumed in figured satin trimmed with white lace, had as bridesmaid her sister, Miss Lotie Pabst. The bridesmaid's dress was of grey crepe, with old rose velvet. The groom was attended by A. Albrecht, of Chicago. Rev. S. P. Wilder, of the Congregational church, performed the ceremony.

The wedding supper, which was very elaborate was enjoyed by fifty guests—the relatives and most intimate friends of the family. The favor in which the bride is held was shown by a table loaded down by handsome gifts. Mr. and Mrs. Muench left for Chicago this morning and will make their home on the north side, the groom having a well established business as a cigar manufacturer.

Hoyle-Hemmens.

Harry Hoyle, of Aurora, Ill., and Miss Kitty Hemmens, of this city, were married this morning at the home of the bride's parents, Mr. and Mrs. Thos. Hemmens, and started at noon for their new home at Aurora, where Mr. Hoyle is in business. The ceremony was performed by Rev. Father Condon. They have the congratulations and best wishes of many friends.

Better in Hot Weather.

Notwithstanding the hot weather, W. F. Hayes, the optician, is kept busy. His ability as an optician has become known far and wide, and the business he is enjoying shows clearly that "ability always tells."

## TRAMPS TRY DOORS IN THE FOURTH WARD

VAGRANTS MAKE SEVERAL ATTEMPTS AT BURGLARY.

Town Was Full of Wanderers This Morning—Afton Dwelling House Entered and the Members of the Family Terrorized With the aid of a Piece of Iron.

Burglars were plying their game last night in and around the city, but so far as learned their efforts were unsuccessful in the line of booty.

At 3 o'clock this morning Dr. C. L. Clark was aroused and looked out the window of his home, 152 Locust street. He saw a man examining the windows on a neighboring house. Dr. Clark gave the alarm and the man fled. Officer Hogan was called and patrolled the neighborhood until 5 o'clock. It was found that at one house the screen had been pried from the window, but no loss was reported. At 8 o'clock this morning Chief Acheson, in patrolling the Fourth ward, found ten seedy looking tramps in the short space of one block. A party of three were asleep on a pile of ties near the round house until 12 o'clock when they got up and wandered around the city, returning to the ties at 4 o'clock this morning.

Four burglars ransacked the farm house of Peter Drafahl at Afton last night, but did not secure booty. One of the burglars entered the house while three stood guard outside. When the inmates were awakened the burglars terrified them by holding out a piece of iron as if it were a revolver.

The city is infested with an unusual number of tramps just now, but the officers are keeping close watch and getting them out of town as fast as possible.

## FUTURE OF SOME MEN TOLD BY THE STARS.

CASTING HOROSCOPES OF  
AMERICAN NOTABLES.

President Cleveland. They Say, Should  
Guard Against Secret Enemies—Senators  
Hill, Col. Breckinridge and Chan-  
cey M. Depew Under the Planets.

THE PLANETS say that Queen Victoria has been doomed to die in October or November of next year. Her death warrant has been published in several of the English and Indian papers. Her executioners, it seems, are the astrologers, who have decided that she must expire in one of the two months named. And all because the planets under which the good queen was born happen to be mixed up in such a way at that period as to portend the calamity. One, wise student of the heavens has gone so far as to select the exact day for the queen's death, and the announcement has been made that Victoria will pass away on Nov. 16, 1895. Still another of the evil prophets declares that she will die by accident. "Judicial astronomy" is what he calls the method by which he has settled the fate of America's leading men, and he defines the study as "the art of forming a judgment from the positions and motions of the planets, together with the application of astronomical calculations, added to a knowledge of the subtle influences the stars exert on man."

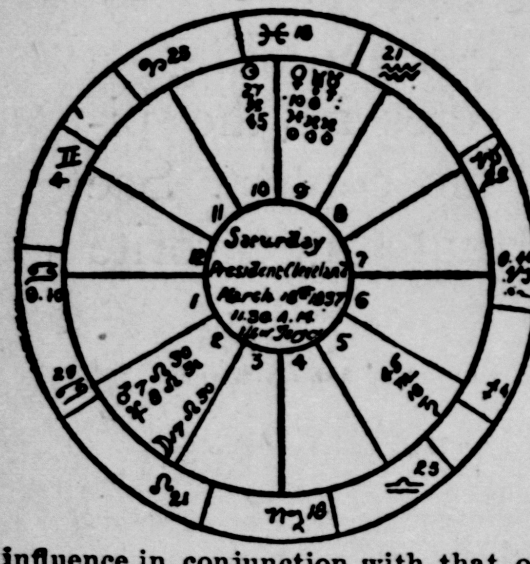

The horoscopes of five distinguished

Americans have been cast by Prof. Apolon and the positions of the planets at the time of the birth of each are shown in the accompanying "nativities." Some explanation is necessary to understand the importance of these seemingly senseless diagrams. The chart of the heavens is divided into twelve spaces, and from the positions of the planets in these spaces, or "houses," the astrologer's predictions are made. Each house has its own special significance, and each of the planets exercise an evil or a good influence over one's life (according to its nature) in just that particular line shown by the significance of the space it is in.

President Cleveland certainly was not born under a lucky star. The sun was in mid-heaven (if the hour of his birth is rightly said to be 11:30 a. m.), and as there were no planets to interfere with it, astrologers say that this foretold the high position he was destined to reach. Jupiter, it seems, was found in the second house, which governs fortune, and in the fiery sign Leo, which indicates the acquisition of wealth. But a reservation is put upon this good sign, for the astrologers tell us that on March 18, 1837, when the President was born, Jupiter was in conjunction with Mars, and both were in the house of the Sun; hence, what wealth the President does acquire, will be spent with a lavish hand, and at the close of life, very little of his possessions will remain.

Mr. Cleveland is solemnly warned against Wall street by the appearance of Saturn in the sign Scorpio, which occupies the house of speculation. Should he indulge in an occasional "flyer" in the street with the bulls and bears, it is likely to result unfortunately for him, for the evil influence of Saturn is said to be strong enough to control the stock market if his warnings are disobeyed. But old Saturn is not satisfied with annoying the President in the matter of speculation, for his evil influence is doubly powerful because he is found in the fifth house, which also controls his children. Between this date and Nov. 13 the mystical planet Herschel will be passing through this house, and its

influence in conjunction with that of Saturn threatens some misfortune to Mr. Cleveland's children before Herschel passes out of the fifth space. But the astrologers are merciful in their evil predictions, anyway, for it is said that whatever ill does befall him will be sudden and unexpected.

The planets also warn Mr. Cleveland against secret enemies, and particularly those of the opposite sex; from people of a literary turn of mind, and always from unexpected quarters.

"Our Chanucey" Depew was also submitted to the tender mercies of the experts on "judicial astronomy," and seems to have survived the ordeal much better than did the President.

He was born at 6 o'clock on the morning of April 23, 1834, and at that hour the eighteenth degree of the sign of Taurus was rising with the planets all above the earth except Saturn and the moon. These facts make Mr. Depew's a very fortunate horoscope.

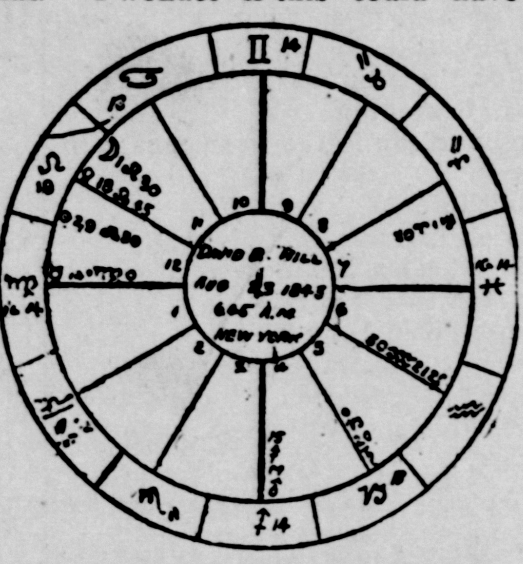

In worldly matters it is particularly so. Jupiter and Venus, both good planets, were in conjunction, and both above the horizon, the former being in the house of fortune, which is governed by the sign Gemini, when Mr. Depew made his debut in the world. These favorable signs, the astrologers say, point to the amassing of a large fortune, and a considerable part of it through speculation, because Leo rules his fifth house. It will not be a fleeting good fortune, either, the planets say, for Mr. Depew should add to it considerably before his death.

The sun above the horizon on the day of his nativity makes Mr. Depew ambitious for place and power, but the fiery finger of Saturn, the evil planet, points in opposition to the sun and repeats its solemn warning that this can never be. Mr. Depew must content himself, therefore, without public office, for if the evil influence of the malicious planet be not overrated, inevitable failure will follow any attempt on his part to secure the coveted laurels.

This opposition of Saturn is the only cloud over Mr. Depew's otherwise bright horoscope. Prof. Apolon says that Saturn influences and controls the agricultural classes, and that it is wholly due to a misunderstanding on their part which prevents "Our Chanucey" from attaining the high position which his talents and good influences make him capable of filling. He is solemnly warned not to allow his name to be used as a nominee.

Senator David R. Hill's chances in life have been seriously impaired by the affliction of his beneficent planet Mercury, by the moon and the evil planet Mars, on the day of his nativity, Aug. 23, 1843. Mercury, it seems, would have made him a great man if it had been allowed its own way, but Mars and the ever-present Saturn took a hand in the matter, and his prospects were blasted. The hour of his birth is believed to be 6:45 a. m., and at that time the seventeenth degree of the celestial sign Virgo was on the eastern horizon, which testifies to a witty, ingenious and talented mind. But for the evil aspect of Mercury it is said that Mr. Hill would have been "a profound scholar, and capable of any undertaking requiring great ability."

Both the moon and Mars, which afflict Mercury in the senator's horoscope, seem to have had some grudge against Mr. Hill, for their positions at the time of his birth offer the very meanest kind of testimony in regard to his character. Prof. Apolon says that their opposition to Mercury "makes him disposed to desert his benefactors at their utmost need; makes him insincere in his professions of friendship and unscrupulous in the methods by which he attains his ends." I wonder if this could have

been found in Mr. Hill's horoscope before his famous campaign for governor of New York in 1888? Perhaps Mars supported Cleveland that year, and was disappointed at his defeat!

Congressman William C. P. Breckinridge's misfortunes, which have recently come upon him, were all foretold last week from his horoscope. He was born in Lexington, Ky., on Thursday, Aug. 28, 1837, at or near noon. At that hour the sun was in his mid-heaven, surrounded by Jupiter, Mercury and Venus, all exerting beneficial influences over his life. The mystical planet Herschel, however, spoiled all these favorable signs by being evilly aspected with the sun. The position of the sun and the favorable planets foretold the high position and popularity to which Mr. Breckinridge would rise, but the evil aspect of the sun with Herschel testified that at an unexpected time and from an unexpected quarter his popularity, honor and credit would be attacked. At least, this is what the astrologers say.

Ruling the congressman's house of wealth is the sign Sagittarius, but in the last degree, with 25 degrees of the house of Saturn in his house of wealth. This testimony would indicate the congressman to be in possession of wealth, the only conflicting testimony being that his house of speculation is ruled by Aries, which is ruled by Mars; and Mars in semi-square, with Saturn and the Sun, are both evil aspects. These signs would go to show rash ventures of a speculative nature. Betting on four aces or a straight flush, it is claimed, is not speculation—it certainly is not rash speculation—though this prediction would probably be vindicated if Mr. Breckinridge should try to bluff out too many "bob-tail" flushes. Whether caused by playing in too many expensive jackpots or dabbling in stocks is not specifically stated, though it is said that financial loss through "speculation" threatens the Kentucky congressman.

In marriage and love affairs, that subject so interesting to Mr. Breckinridge just now, we find the celestial house of Taurus (the home of Venus) on the cusp of the seventh house. This would be a valuable sign were not Venus evilly aspected by Mercury and

the sun. Venus and Mars are also in conjunction, which is more evil testimony, and shows the congressman's weakness for the opposite sex, we are told. Still another evil sign is Venus semi-square with Jupiter, which the astrologers say, is indicative of extravagance and dissipation. Virtue, prudence, temperance and almost all other virtues are declared by the planets to be wanting in this horoscope. "The truth of judicial astrology is attested," Prof. Apolon says, "by the fact that at the time the congressman was served with papers in his recent breach of promise suit, at 6 p. m., August 5, 1893, at Washington, Saturn, the malefic planet, was in his mid-heaven, and that this planet is now in evil aspect, both with his mid-heaven (which rules his honor, credit and business), and in like manner evilly aspects the sign and degree of the sign which was ascending at his birth."

The most important prediction made from Mr. Breckinridge's horoscope, and one which is of particular interest just now, is that he will not be returned to congress again. Saturn, that old mischief-maker, again bobs up, and is at present afflicting Mr. Breckinridge's mid-heaven by a semi-square, which is taken as almost positive testimony against his re-election to congress.

Undertakers, however, could boom their business considerably by knowing just when their services could be needed, while life insurance companies would have to go out of business entirely.

### GEN. DECHERT.

Sketch of a Union Soldier Recently Mustered Out.

Robert Porter Dechert, who recently passed away, was born at Reading, Pa., Aug. 16, 1842. He came from good revolutionary stock. His great grandfather, Gen. Andrew Porter, was the commander of the First Pennsylvania artillery.

GEN. DECHERT.

Twenty-ninth regiment of Pennsylvania volunteers in which, before he was 20, he was commissioned first lieutenant. He rapidly advanced after this in grade, and in 1865 was brevetted lieutenant-colonel "for distinguished and meritorious services during the war." Later he served as aid on the staff of Col. George L. Andrews, Brig.-Gen. Thomas H. Ruger, Major-General A. S. Williams, and Gen. Henry W. Slocum. He took part conspicuously in the battle of Winchester, Cedar Mountain, Antietam, and Chancellorsville. At Gettysburg he was assistant adjutant general of the first division, Twelfth army corps. He also marched with Sherman to the sea. Upon his return from the war, in 1867, he joined the Gray Reserves, being elected captain of company F. He afterward became a member of the Philadelphia City troop, passing from the rank of sergeant to that of colonel. In 1878 he became colonel of the Second regiment. In July, 1890, he was promoted to be brigadier general of the First brigade. Gen. Dechert was an eminent lawyer and a distinguished politician. He was assistant district attorney of Philadelphia under the late Furman Sheppard, and in 1870 he was elected to a seat in the state legislature. Among the acts he was instrumental in placing on the statute books was the law enabling criminals to testify in their own behalf. In 1874 he was again chosen assistant district attorney. In 1881 he was elected city comptroller by a large vote, and re-elected in 1887. Socially, Gen. Dechert was connected with a large number of clubs and societies. He was a prominent Mason, and a member of the Pennsylvania Society of the Sons of the Revolution.

### FEMALE DEAN FOR BARNARD.

Miss Emily Smith of the University of Chicago Chosen.

A new dean of Barnard college has been appointed and confirmed in the person of Miss Emily Jane Smith, a daughter of Judge James C. Smith, of Canandaigua, N. Y., who was for nearly thirty years on the supreme bench of New York state. Miss Smith had held the Greek Fellowship at the University of Chicago.

After leaving Harvard annex she entered Bryn Mawr, from which she graduated in 1889 with the degree of A. B. Miss Smith spent the year 1889-90 as a student at Girton college, England, with Prof. Jebb, and upon returning to this country accepted the Greek chair in Packer institute, Brooklyn. She remained there two years, and last spring resigned to go to Chicago. Her deanship begins next October. In 1892 Miss Smith had published her "Selections From Lucian," which were greatly commended.

### CHAMPIONSHIP SMOKERS.

Ten Big Cigars in Two Hours the Record in a Berlin Contest.

A smoking match was given recently by the Giftmudel smoking club in its rooms in Manteuffel street, Berlin. The prize was a solid silver cigar case and 200 cigars. The entrance fee was \$1 and the conditions were that the contestants should smoke only the cigars provided at the expense of the club and should remain in plain view of the referee as long as they were competing for the prize, no contestant being allowed to take food, drink or medicine during the match. The prize was to be given to the contestant who smoked down to one-inch butts the largest number of cigars in two hours. There were seventeen entries. Herr Knopf, who smoked without pause from start to finish, was declared winner. He reduced ten large cigars to ashes in the allotted time, while his closest competitor smoked but seven and one-half. At the end of the first hour ten smokers retired from the match and left the room. None of them returned. Of the seven others three were pale and perspiring profusely when the referee called "time." Knopf felt well and professed his willingness to begin at once another two-hour match, but his challenge found no takers. He says that he is ready to smoke against anybody in Berlin for 500 cigars a side, the length of the contest to be fixed by mutual consent between one and a half and five hours.

### HOPE FOR THE HAIRLESS.

Professor Birkholz, of Chicago, Gives Hope to Those Afflicted with Baldness—A "No Cure, No Pay" Treatment.

Professor G. Birkholz, of Chicago, the eminent German specialist, who for years has devoted his time and talent to the study of the hair follicles, and who has evolved the most successful treatment for baldness the world has ever known.

He will carefully examine each case and candidly inform the inquirer whether his baldness can be cured and the hair be restored. These examinations are made without charge. In all cases where there are any hair follicles remaining undestroyed by age or disease the professor will undertake a cure, and if he does not effect a restoration of the hair he will ask no pay.

The remedy is an imported one, and the treatment given by the professor is his own, and cures where all others fail. If your case has been pronounced incurable do not take it as a final answer until you have seen Professor Birkholz and received his opinion.

Many persons have small bald spots through the hair. These increase in area and in time produce baldness. In such cases the hair follicles need nourishment. Prompt treatment will bring the hair into activity and restore the hair.

The success that has attended Professor Birkholz's treatment enables him to give a positive opinion in each case presented to him. Those who are bald or are threatened with baldness should not delay treatment, but call upon the professor at once. 1011 Masonic Temple Chicago.

Hand this notice to any first-class drugist and he will get the remedy for you at once, if he has not got it in stock.

### A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Jewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows:

"Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."

## That Shaw

Will become the property of some popular young lady within the next four weeks.

We do not dare to predict

who will get it, but a "dark

horse" is talked of and the

ballots will come in with a rush

within the next three weeks,

therefore those interested

want to redouble their ener-

gies so that their particular

favorite will not be behind in

this popular contest.

A Word About the Shaw Piano

The first pianos made by

the company were placed on

the market less than five years

ago. Instantly the trade re-

cognized their merits and put

in bids for territory until at

this time these instruments

can be seen almost every-

where. To be able to build

such a good business in so

short a time there must be

great policy behind the house.

The policy of the Shaw Piano

Company, is first to build a

good instrument, second, to

advertise it largely and artist-

ically. The first part of the

policy, to build a good instru-

ment, is amply testified to by

the favor they have met with

both from dealer and artist.

The Shaw Piano is strictly a

high grade first-class instru-

ment, one that the purchasing

public can have every con-

fidence in. Messrs. S. C.

Burnham & Co., of our city

have for years been represent-

ing other first-class pianos but

have been won by the con-

struction, tone and quality of

of this new aspirant for honors

so that today they are bend-

ing all their energies in favor

of the Matchless Shaw, as it

is termed. With no remorse

of conscience they claim it

is the finest musical instrument

in the piano line they have

ever represented.

Judging from the above ac-

count of this wonderful piano

is it any wonder that the con-

test now going on is attract-

ing universal attention. Rally

round your favorite lady, boys.

See that she becomes the

happy possessor of a SHAW.

**BEST IN THE WORLD.**

W. L. DOUGLAS Shoes are stylish, easy fitting, and give better satisfaction at the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas' name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas Shoes gain customers, which helps to increase the sales on their full line of goods. They can afford to sell at a less profit, and we believe you can save money by buying all your footwear of the dealer advertised below.

### Will Big No Coal at Danville.

DANVILLE, Ill., June 12.—A mass-meeting of the striking miners was held at the court house here and a committee of business men appeared before them to ask that the country banks be allowed to run to supply the city. The miners refused to allow any coal to be dug.

### No Settlement in Alabama.

BIRMINGHAM, Ala., June 12.—The committees representing the miners and operators did not meet yesterday. The outlook for a settlement of the strike is considered gloomy.

### Rioters on Trial at Marion.

MARION, Ill., June 12.—Rev. Mr. McGinnis was placed on trial yesterday for his part in the riots at Carterville. The case is being hotly contested.

### May Be a Stampede for Silver.

LINCOLN, Neb., June 12.—The state league of republican clubs meets in this city to-day. A pledge has been circulated and numerous signed setting forth the fact that the signers will support a move in favor of free silver at 16 to 1.

### William Walter Phelps Weaker.

ENGLEWOOD, Ill., June 12.—William Walter Phelps is weaker, although his physician does not express any apprehension.

### Do Alligators Swallow Stones?

The Indians of South and Central America declare that prior to attacking some large animal, such as an ox or a buffalo, which may come to the river brink, alligators always swallow a stone, so that it may acquire additional weight to aid in dragging victims under water. Balvez, who shot and examined several, found stones in all of them varying in size according to the size of the 'gator, one fellow having a stone in his stomach that weighed seventy-six pounds.

### Destroying Bridges in Alabama.

MEMPHIS, Tenn., June 12.—It is reported that the strikers have blown up three more bridges with dynamite in Alabama and that troops have gone to the scene.

### Kidnaped Miners Rescued.

UNIONTOWN, Pa., June 12.—The four workmen who were taken prisoners by a mob at New Haven on Saturday were overtaken at Fairchance and rescued yesterday by the deputies.

### Reap Benefits While You Can--

We are now showing a very fine line of Parasols; styles that are "taking," at prices that will make you take.

Received Saturday a large shipment of Mackintoshes. Ours are the reliable sort. Wrappers, Shirt Waists, Duck Suits, Muslin and Silk Hats and Bonnets, Dainties, are goods that find rest only after business hours.

But our Women's 10c Under-vest is a surprise.

### THE BIG STORE.

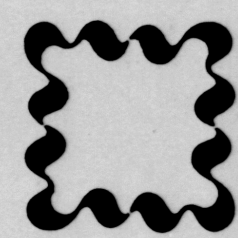

The fact that Jarley is absent-minded as well as polite may account for his dreadful mistake at the opera the other night when he raised his wig to the Misses Van Stuyvebocker.
